DAP DM-35

*Dynamic guitar amplifier
microphone*

DAP

EAN: 8717748286260

The DAP DM-35 Dynamic Guitar Amp Microphone is especially designed and tuned to capture the sound of your guitar amplifier. It has a practical flat design and a high SPL for capturing a clear sound at high volume levels. This is especially important at live group performances.

With the DM-35 you're ready to go since it comes with a solid microphone clamp and leather pouch.

Special features:

- Supercardioid pickup pattern
- Suitable for capturing guitar amps
- High SPL for capturing a clear sound at high volume levels
- Designed for close amp recordings
- Microphone clamp and leather pouch included
