

These cases are designed for daily use in save guarding your equipment which needs some extra protection. The universal pluck foam makes it easy to customize the inside for your delicate equipment. Spring loaded latch prevents accidental opening of the case. Due to precise injection molding we created a very high impact resistant, lightweight, tough and durable case.

Special features:

- IP65 (watertight and dustproof)
- O-ring seal to prevent water from getting inside
- Air pressure release valve on front
- Lightweight, tough and durable
