#### Product Features

##### Quick Charging & Multi-functional Ports

Equipped with 4 high speed data transfer USB 3.0 Ports and 2 quick charging ports, save syncing time with data transfer rates of up to 5 Gbps, you'll easily connect and keep organized different types of the modern devices and peripherals. 2 quick charging ports designed for your mobile phone, offer the optimum charge at speeds up to 2A.

##### Individual ON/OFF Switches

Build-in individual power switches and LED indicators for each port, being able to turn on or off the separate USB port without unplugging the equipment.

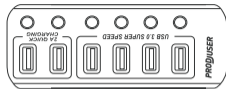

##### Safety & Reliability

The upgraded USB HUB 3.0 has built in over-current, over-voltage and short circuit protection and will automatically stop working when a potential risk is detected.

#### Product Specification

Product Name	USB HUB 3.0
