sku: 051519

Whether you play jazz, alt-country, delta blues, rock, or anything in between, the new Godin 5th Avenue Jumbo P90 Harvest Gold serves up a player's dream guitar with classic '50s and '60s style. This next-generation archtop from Godin features a deeper 'Jumbo' body, building on the classic vintage vibe the 5th Avenue is known for, while adding sweet and mellow roundness for larger-than-life projection and tone. Godin's renowned attention to detail and Canadian craftsmanship is evident throughout. The Jumbo body provides plenty of projection, delivering rich sound and great looks, with its Canadian Wild Cherry arch top, back, and sides — wrapped up in a rustic-inspired satin finish. Additional features include a Rosewood fingerboard, Silver Leaf Maple Neck, a Graphtech Adjustable TUSQ Bridge, a trapeze tailpiece and a custom-engraved headstock plate. The 24.84" neck scale provides an exceptionally comfortable feel to this guitar. Built with the performer in mind, the 5th Avenue Jumbo P90 Harvest Gold serves up an attitude-tinged vintage vibe, courtesy of the two Godin Kingpin P90 single coil pickups, with a 3-way switch, plus volume and tone controls right at your fingertips.
