

An abstract painting with a vibrant, textured background. The composition is dominated by large, organic shapes in shades of yellow, red, teal, and dark green. A prominent yellow shape is in the upper left, while a large red shape occupies the right side. Teal and dark green forms are scattered throughout, some resembling flowing liquid or thick brushstrokes. The overall style is expressive and modern, with visible brushwork and a rich color palette.

MiniLab 37

Portable keys for
modern creatives

MORE KEYS MORE PLAY

Compact yet remarkably versatile, MiniLab 37 is the universal MIDI controller designed to fit seamlessly into any production workflow while delivering the playability and control needed to turn ideas into finished tracks.

Expanding on MiniLab 3's acclaimed feature set, MiniLab 37 introduces a larger 37-note keybed and a refined control layout for a more fluid creative experience.

It provides everything you need in a portable controller that's always within reach.

EVERY SOUND YOU NEED INCLUDED

The same sounds, samples, and music-making software used by pro producers and composers; included with MiniLab 37 as standard. Whatever your style, ability, or experience, you'll have everything you need to make your music a reality.

ANALOG LAB INTRO

Hundreds of synth & keys presets

The hardest basses, lushest leads, smoothest keyboard sounds, and more, taken from the award-winning Analog Lab V. V Collection, and Pigments Libraries.

Ableton Live Lite

Music recording software

Record, perform, and produce anything with an introduction to one of the hottest DAWs in the business, including instrument presets, drums, FX, MIDI clips, and more.

NI KOMPLETE Select
