1

Place the VicDisplay panel in the desired position. Use a bubble level to align it vertically. Mark the hole centers.

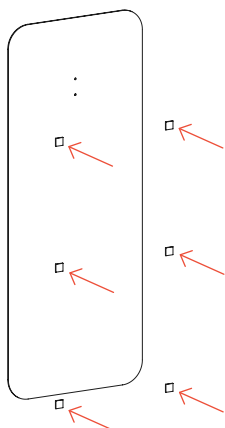

2

Drill the holes and insert wall plugs if needed.

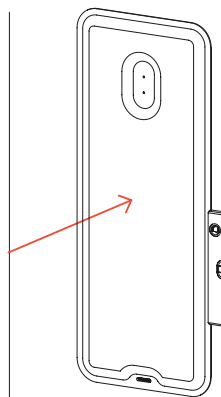

3

Apply the provided stickers on the back of the panel. For a better fixation you can use Flexi Glue Ultra .

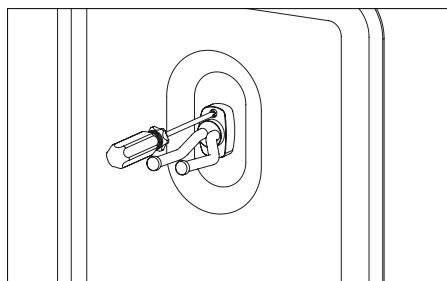

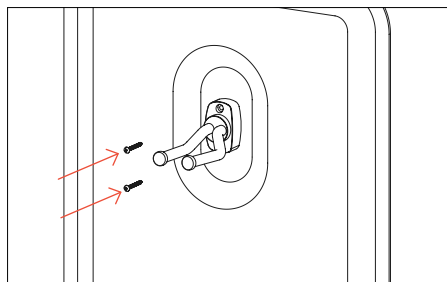

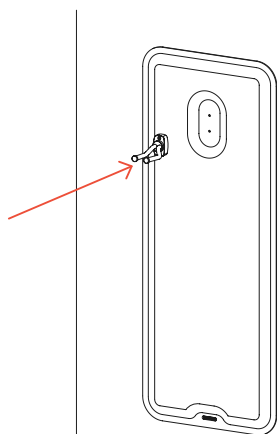

4

Place the VicDisplay panel in the final position. Re-check the vertical alignment. Press the panel so that the adhesive pads adhere to the wall.

5

Fix the guitar holder.
