

*Protective Flight Case for
Transport and Storage*

EAN: 8717748626219

The Showgear Turntable Case 3 is designed for the safe transport and storage of turntables and related equipment. Its sturdy plywood construction provides reliable protection, while the interior is lined with felt to prevent scratches and wear. The case includes four hard-foam positioning blocks with hook-and-loop fastening, allowing the interior layout to be adjusted freely to securely hold your player in place. For a clean and organised setup, the case features a wooden cable shield, allowing cables to be neatly tucked away behind the turntable. A hingeless, fully removable lid offers easy access, and the ergonomic carrying handle ensures comfortable transport. Two butterfly latches keep the case securely closed during transport, making it a practical solution for DJs, rental companies and touring professionals.

Special features:

- Adjustable hard-foam blocks with hook-and-loop fastening
- Felt-lined interior for scratch-free protection
- Fully removable lid for easy access
- Wooden cable shield for neat cable management
- Sturdy plywood construction with butterfly latches
