

Spark NEO

Wireless Smart Guitar Headphones

It's all in your head.

Become one with your guitar. Spark NEO fuses Spark smart amp technology with true wireless freedom, creating a hyper-immersive guitar experience like no other. With advanced stereo imaging, and all the gear, effects, and smart AI features you could ever want, it's a complete guitar rig built directly into premium over-ear headphones. Welcome to the future of guitar practice.

Full immersion.

Feel every note. Spark NEO offers a truly wireless, hyper-immersive guitar experience. Custom speakers deliver studio-quality sound that captures every nuance of your playing. Stereo-imaging delivers ultra-real performance. Pull up a tone, tweak it, and make it your own. Use AI to dial in the perfect sound in seconds. Now, a quiet, fully personalized playing experience is yours—wherever you are.

- **40mm Custom Drivers:** Experience rich, precise, and balanced sound tailored for guitar tone.
- **Advanced Bio Fiber (ABF) Diaphragm:** Built with a highly durable, cutting-edge, ultra-lightweight diaphragm for enhanced sound clarity and longevity.

Stereo imaging.

Stereo imaging adds dimension and depth to your music, bringing every note to life. Spark NEO's individual acoustic chambers in each earcup deliver precise frequency control, while passive tuning minimizes distortion. The result? A rich, expansive sound that surrounds you every time you plug in.

Noise Isolating

Spark NEO's ultra-soft, long-lasting ear pads provide superior noise isolation, allowing you to focus entirely on your playing. Block out distractions and immerse yourself in your riffs – now you can jam anywhere!

True Wireless Freedom

Lag-Free 2.4 GHz Wireless Jamming

Plug in your electric, acoustic or bass and go. With a built-in wireless receiver and an included transmitter, Spark NEO offers a seamless, ultra-low latency connection, giving you a stable and true wireless experience with every note.

Easy Controls

Effortlessly adjust your sound. With intuitive controls just a tap away, you can quickly change presets, adjust volume, and switch on or off—keeping your focus on the music, not the settings.

Bluetooth® Enabled

Listen and jam along to your favorite songs, backing tracks and more via Bluetooth.

Portable

With a compact, foldable design, Spark NEO is built for easy travel. Get up to 6 hours of playtime, perfect for extended jam sessions and music listening.

All Spark. No Compromises.

Everything you love about Spark amps is now built right into Spark NEO. It's fully compatible with the Spark App, giving you access to **33 amps**, **43 effects**, and **Spark AI**.

With **Smart Jam** and over **100,000 tones** on ToneCloud, the possibilities are endless—all in one immersive, wireless experience.
